Investment Management Services

With $5.7B in capital returned since inception, Stream invests on behalf of, or alongside, our occupier clients.
Our Investment team's market insight helps us position lease negotiations against landlords and uncover 'off-market' opportunities.

DEVELOPMENT

Development Services

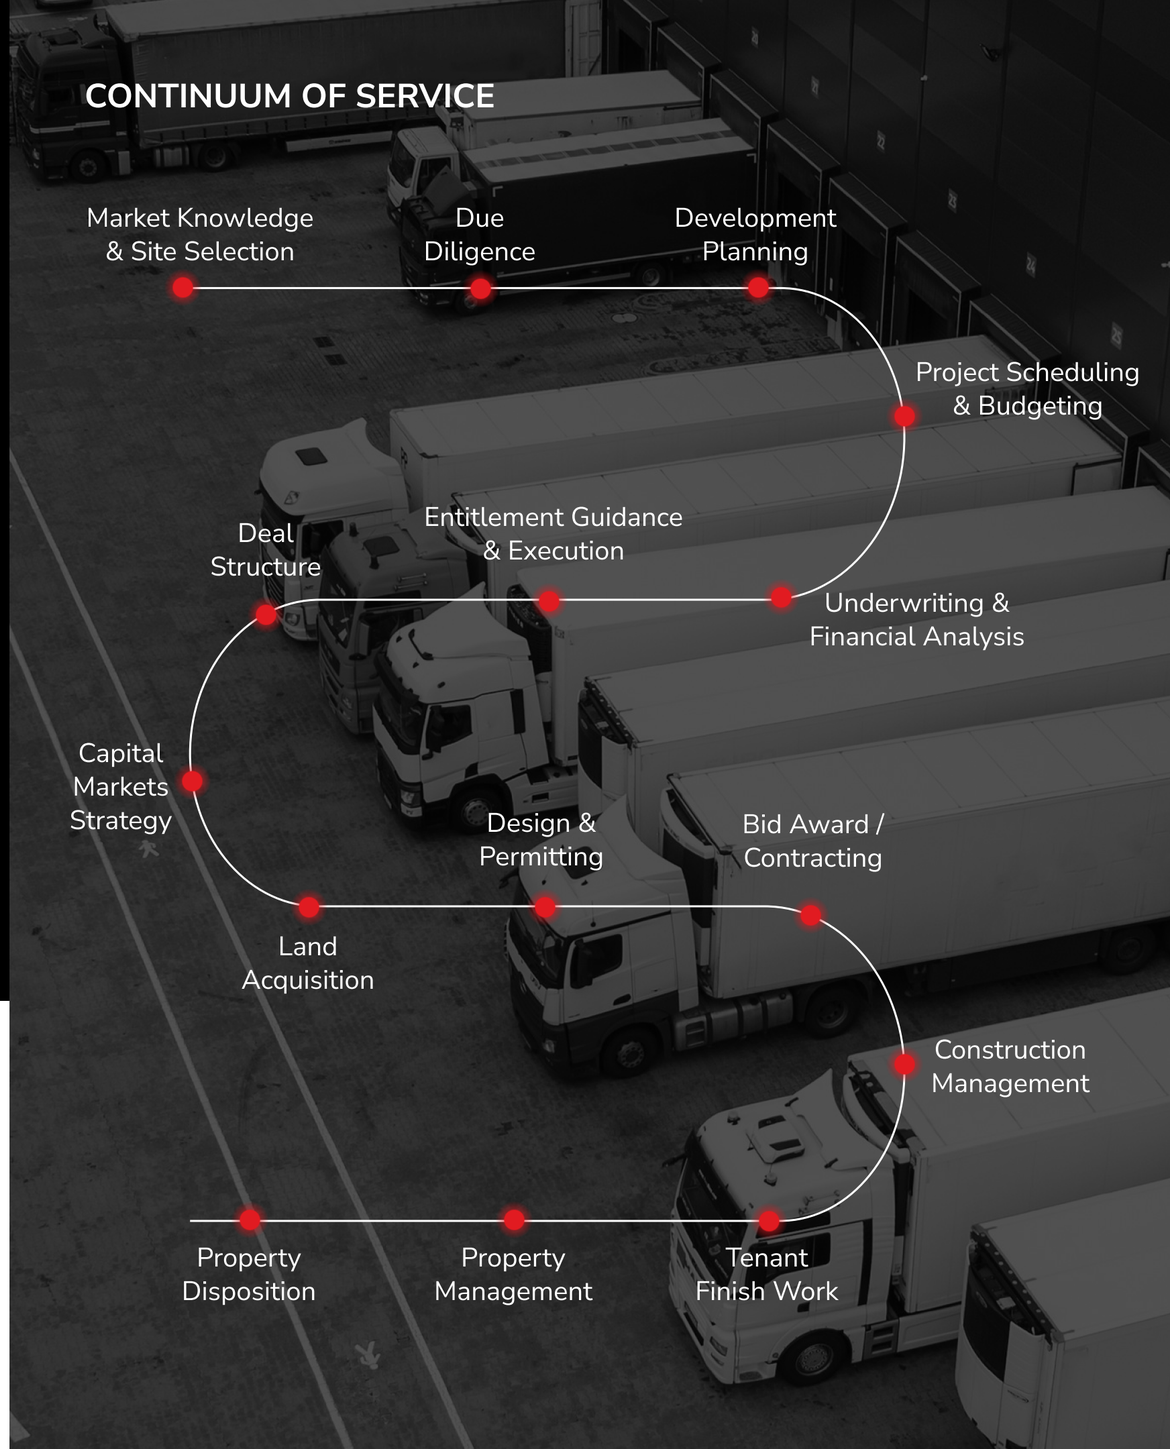

With 15.0M+ SF of ground-up office, industrial and data center developments, Stream can deliver creative solutions for clients that traditional service firms simply cannot.

This expertise provides an understanding of up-to-date development costs and lead times, as well as uncover ‘hidden opportunity’ sites for future occupancy.
